IN EVERY CLOCK there are many complex parts. From the main spring and balance wheel down to the most minute pin or screw, each part plays an essential role in keeping the clock in perfect order. So each individual at Mt. Lebo has his own role to fill. From faculty and school officers to the most insignificant sophomore, all are necessary to maintain a smooth-working, co-ordinated organization.

... Pushing our way past an all too stubborn traffic officer on our way to lunch.

... Fixing that last lock of hair and powdering that shiney nose before joining our escorts at the Junior-Senior Prom.

... Thinking about our futures at one of this year's new features, Career Night. Here aspiring dentists pick up some tips from a former grad.

A Good Time . . .

. . . Honoring our football and cross country stars at the annual Fall Athletic Banquet.

What Makes

Our School Tick

Our Leaders Kept Us

DR. RALPH D. HORSMAN,
Superintendent

SUPERINTENDENTS

Our superintendent, Dr. Ralph D. Horsman, with the generous support of the school board of ten Mt. Lebanon citizens passed another milestone on the road of accomplishment. Dr. Horsman was ably assisted by Dr. Ross M. Gill, in charge of instruction, and Mr. C. F. Mellinger, in charge of buildings and grounds. They are constantly working to improve our educational system and to perfect plans for the expansion of our buildings. Through the efforts of this progressive administration Mt. Lebanon High wound up a successful year.

ADVISORY COUNCIL

Seated: Mrs. Cargill, Mr. Keifer, Miss Ion.

Standing: Miss Rightmire, John McCune, John McKibben, Nancy Williams, Mr. Whipkey, Bob Ott.

DR. ROSS M. GILL
Assistant Superintendent of Instruction

MR. C. F. MELLINGER
Assistant Superintendent of Administration

In Fine Working Order

PRINCIPAL

Mr. Keifer came to mean more to us than a principal who sees that things run smoothly; he became a personal friend who showed a real interest in all our activities. He worked whole-heartedly with our Advisory Council to make improvements in the working order of things. For a job well done or an honor received, Mr. Keifer always had a word of congratulation to make us feel we were a vital part of our school. Although our principal was as quick to laugh at a good joke as any of us, his seriousness of purpose and honest decisions commanded our deep respect.

Principal

SCHOOL BOARD

... As Did Our Able Advisers

ADVISERS

As we think of cream with sugar, so we associate guidance with the three persons who are the mainstay of it.

Miss Ion not only helped us choose a schedule which best trained us for college and future employment, but also spent hours on our college transcripts and class rank.

Career Night was just one of the ways in which Mrs. Horne focused our attention on our future vocations.

"Lookey, lookey, lookey, you've been playing hookey" is a familiar sound to Miss Gordon. Whether you worked during school or vacation, or just took a day off once in a while, you'll remember her.

Vice Principal

THE ARTS

(Left) Mr. Raymond Peters, Miss Pauline Fish, Mr. John Ramsey. (Right) Miss May Sneary, Mr. Douglas Shaner.

The Arts Developed Skillful Hands

Our camera catches the talented Barbara in the art room just as she begins a charcoal sketch of Ross. (Did I hear someone say he wanted his portrait painted?)

Want some new furniture? These boys from wood shop need only a hammer and saw to make or repair any thing from a desk to a book-case.

ENGLISH

(Lower left) Mr. Nelson Mills, Mrs. Floy Penn, Miss Mabel Moore. (Lower right) Miss Ruth Stephens, Miss Marie Neumarker, Miss Anna Thompson, Miss Kathryn Frobese.

English Was The Mainspring

These seniors learn the correct way to prepare material for theme writing in their composition class. Scenes like this are not unusual toward the end of the semester as students desperately attempt to finish their "research" theme before the deadline.

In A Well-Balanced Curriculum

"Does anybody know of a good short story I could read?" Can you Juniors remember how many times you asked that question when you were trying to meet your English reading requirements?

In order to make their study of "The Merchant of Venice" more interesting, some members of the sophomore English class made models of the principal characters and stages of the Elizabethan era.

Silly or serious; dramatics or discussions; public speaking, a popular elective, was not only educational but always jam-packed full of fun.

PHYSICAL EDUCATION

Our Training Stemmed From

No magazine or newspaper anywhere was safe. As mother gasped fearfully and dad knit his worried brow, we proceeded to clip everything in sight in our efforts to get the best material available for class display. Attractive bulletin boards, such as the one here on tropical diseases, kept the girls' health classes aware of the latest development in medicine and health.

Battle Field And Athletic Field

A map of the United States as it appeared around 1860 serves as a perfect background for these two students who are giving a report on the growth of our country.

Knowing and understanding the present problems of our country will enable us to be better citizens of the future.

Stick around long enough and one of them's bound to fall! (Take a look at those bulging biceps and manly muscles!)

Mathematics and Business Courses

Tenth graders learn the correct way of buying and selling in Miss Grove's business and retail selling class. They all agree it's a most practical course.

How familiar this scene is to many of us! Could you ever forget Miss Whinnie with her stop watch and you struggling to find "q,w,e,r,t"?

Were there ever times when you wished you knew Morse code? (Remember those "important" notes teachers usually caught?) To these boys in aviation class Morse code was second nature.

Aimed For Precision

This is really "it". A mathematician's dream come true! Miss Smith proudly stands beside the Christmas tree which her solid geometry students decorated by using only geometric figures.

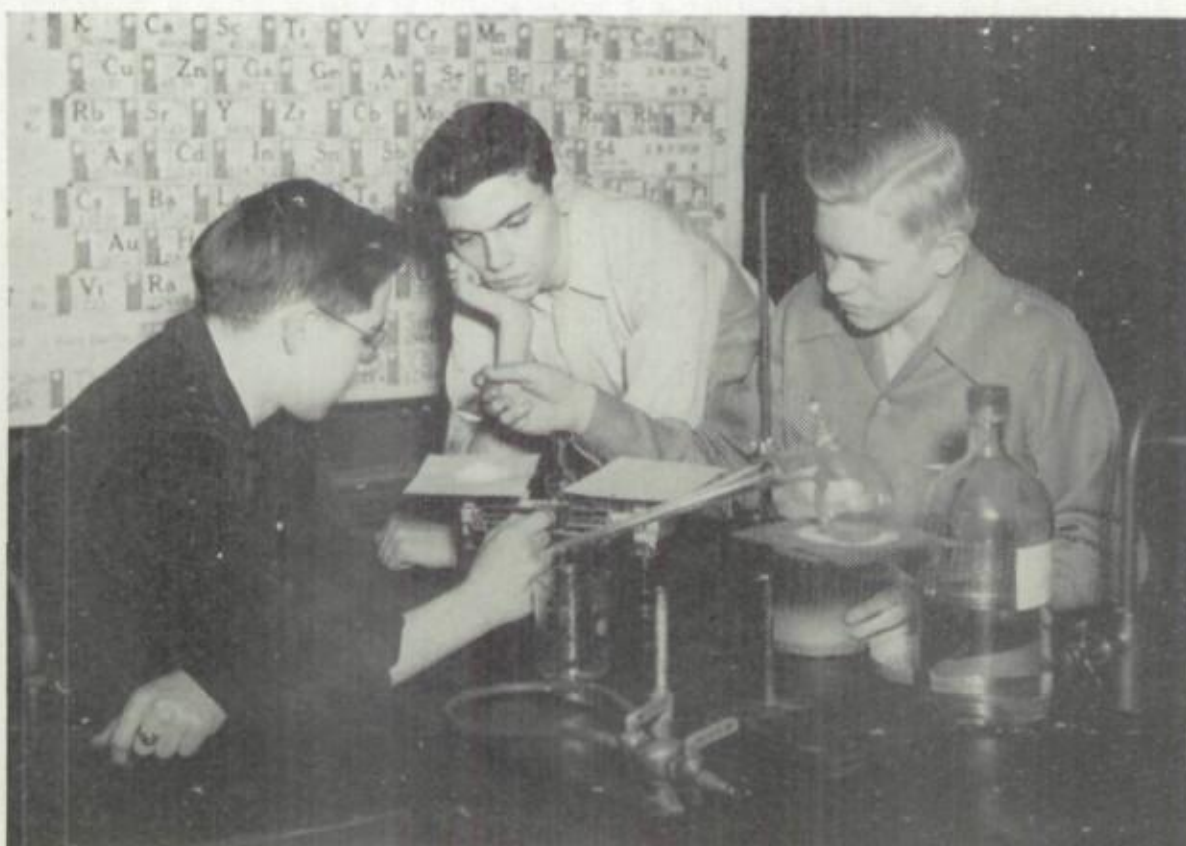

In The Wheel Of Education

SCIENCE

Whenever the wind was blowing in the right direction along the third floor hall, you could hear students say, "Well, the chemistry kids are at it again. What else could smell like that?"

Science Was A Vital Cog

Could you find a cat's tibia or fibula?
If not, you'd better take a lesson in
dissecting from one of these indus-
trious (?) biology students.

This is one of those very intricate ex-
periments which, unless by some
miracle, nobody understands. So
we won't even attempt to explain
it. (Our advice to you who really
want to know is to take physics!)

Almost every day you could find at
least a dozen members of the CO-2
club using the third floor hall as a
racetrack for timing their CO-2
propelled racers.

Languages Strove For One World

FOREIGN LANGUAGE

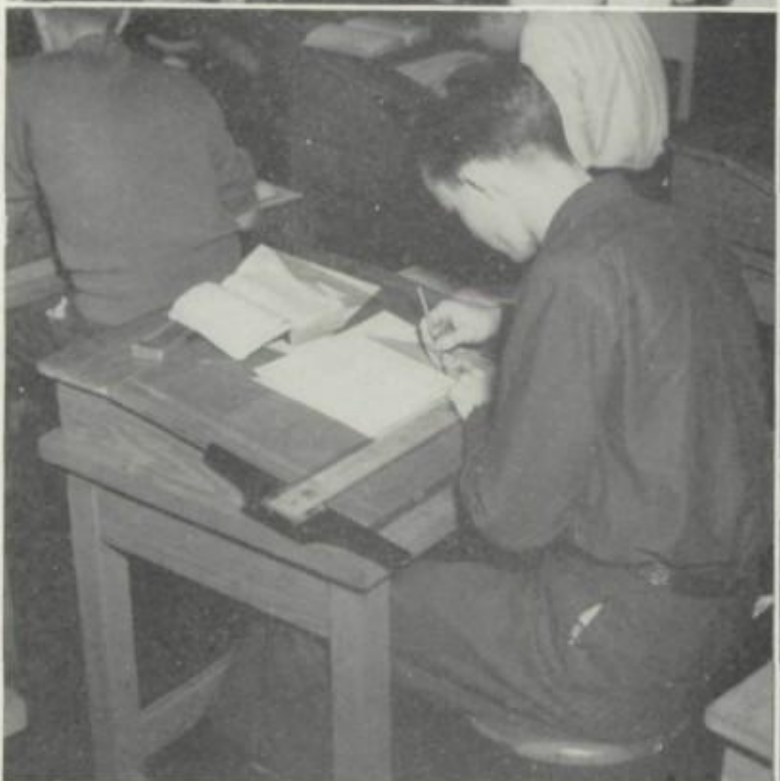

(Top) Miss Eileen Nesbitt, Miss Ada Patterson, Miss Margery McClure. (Bottom) Mr. William Mitchell, Miss Rita Roegge, Miss Marguerite Beck, Miss Helen Zahniser.

Plays and quiz programs were just two of the many interesting ways in which we learned the fine points of Spanish, and if you've never seen a Spanish quiz program, you've really missed something. Here's one in full swing.

It didn't seem possible that the centuries could roll by so fast; but ecce! on his 2017th birthday, the spirit of Vergil presented himself to this Latin class and read a few passages from his famous "Aeneid."

Shutter Snaps

Top, l. Although this picture would seem to testify otherwise, our history courses could really be quite interesting.

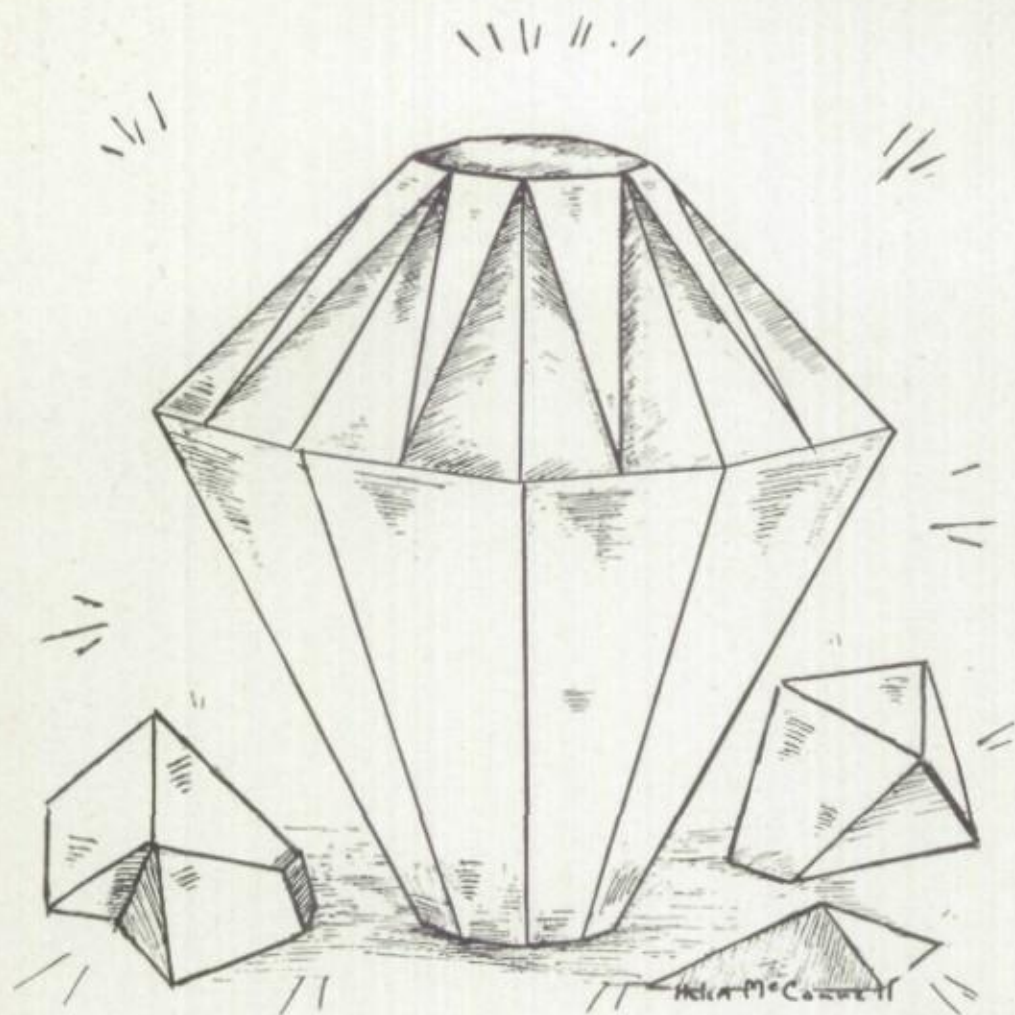

Perched on high stools the fellows in mechanical drawing turned out a neat bit of work.

Test week—that's when you chewed your pencil and fingernails, scratched your head, and swore to study harder next semester.

Top, r. Our school lost one of its finest teachers when Miss Holliday retired last year, but we were fortunate to see her back occasionally as a substitute.

"Boil, boil, trouble and toil"—by reenacting this witches' scene from *Macbeth* the seniors discovered that English could be lots of fun.

That mess of machinery is a car without its clothes, and the girls from the driving class are trying to find out what makes it tick.

These Little Gems

There was a hot time in the old town the night of the Junior-Senior Prom.

You're doing okay, fella. Just a few more steps and maybe you'll have the right solution to that easy (?) problem.

These "volunteers" really put all their technical skill and manly strength into helping to keep the skating rink free of snow last winter.

"Clear the road!" Despite all the kidding that goes with learning to drive, the driving course was one of the most popular in the school.

Sparkled Sprightly

These talented entertainers helped to make the first G.A.A. Party a huge success.

One of the many memorable events at the Junior-Senior Prom was Judy Cobbey's rendition of "I Wonder Who's Kissing Her Now!"

"Student court, here I come!" or could Jack be trying to "fix" that out-of-order?

Christmas caroling, an age old custom, was carried out by more than one hundred students in the annual procession through the halls.

The covered-dish dinner, an annual event of each Y-Teen club, provided a new experience for these Deltas.

Although they have lived in foreign lands, an international atmosphere was added by Marie Karlovitz (Switzerland), Mary Basil (Greece), George Fulton (France), and Carmen Figueroa (Puerto Rico).

Of Every Minute

By winning honors in the Buhl Planetarium's annual Latin Festival contest, Virginia and Mary Margaret brought more laurels to themselves and the school.

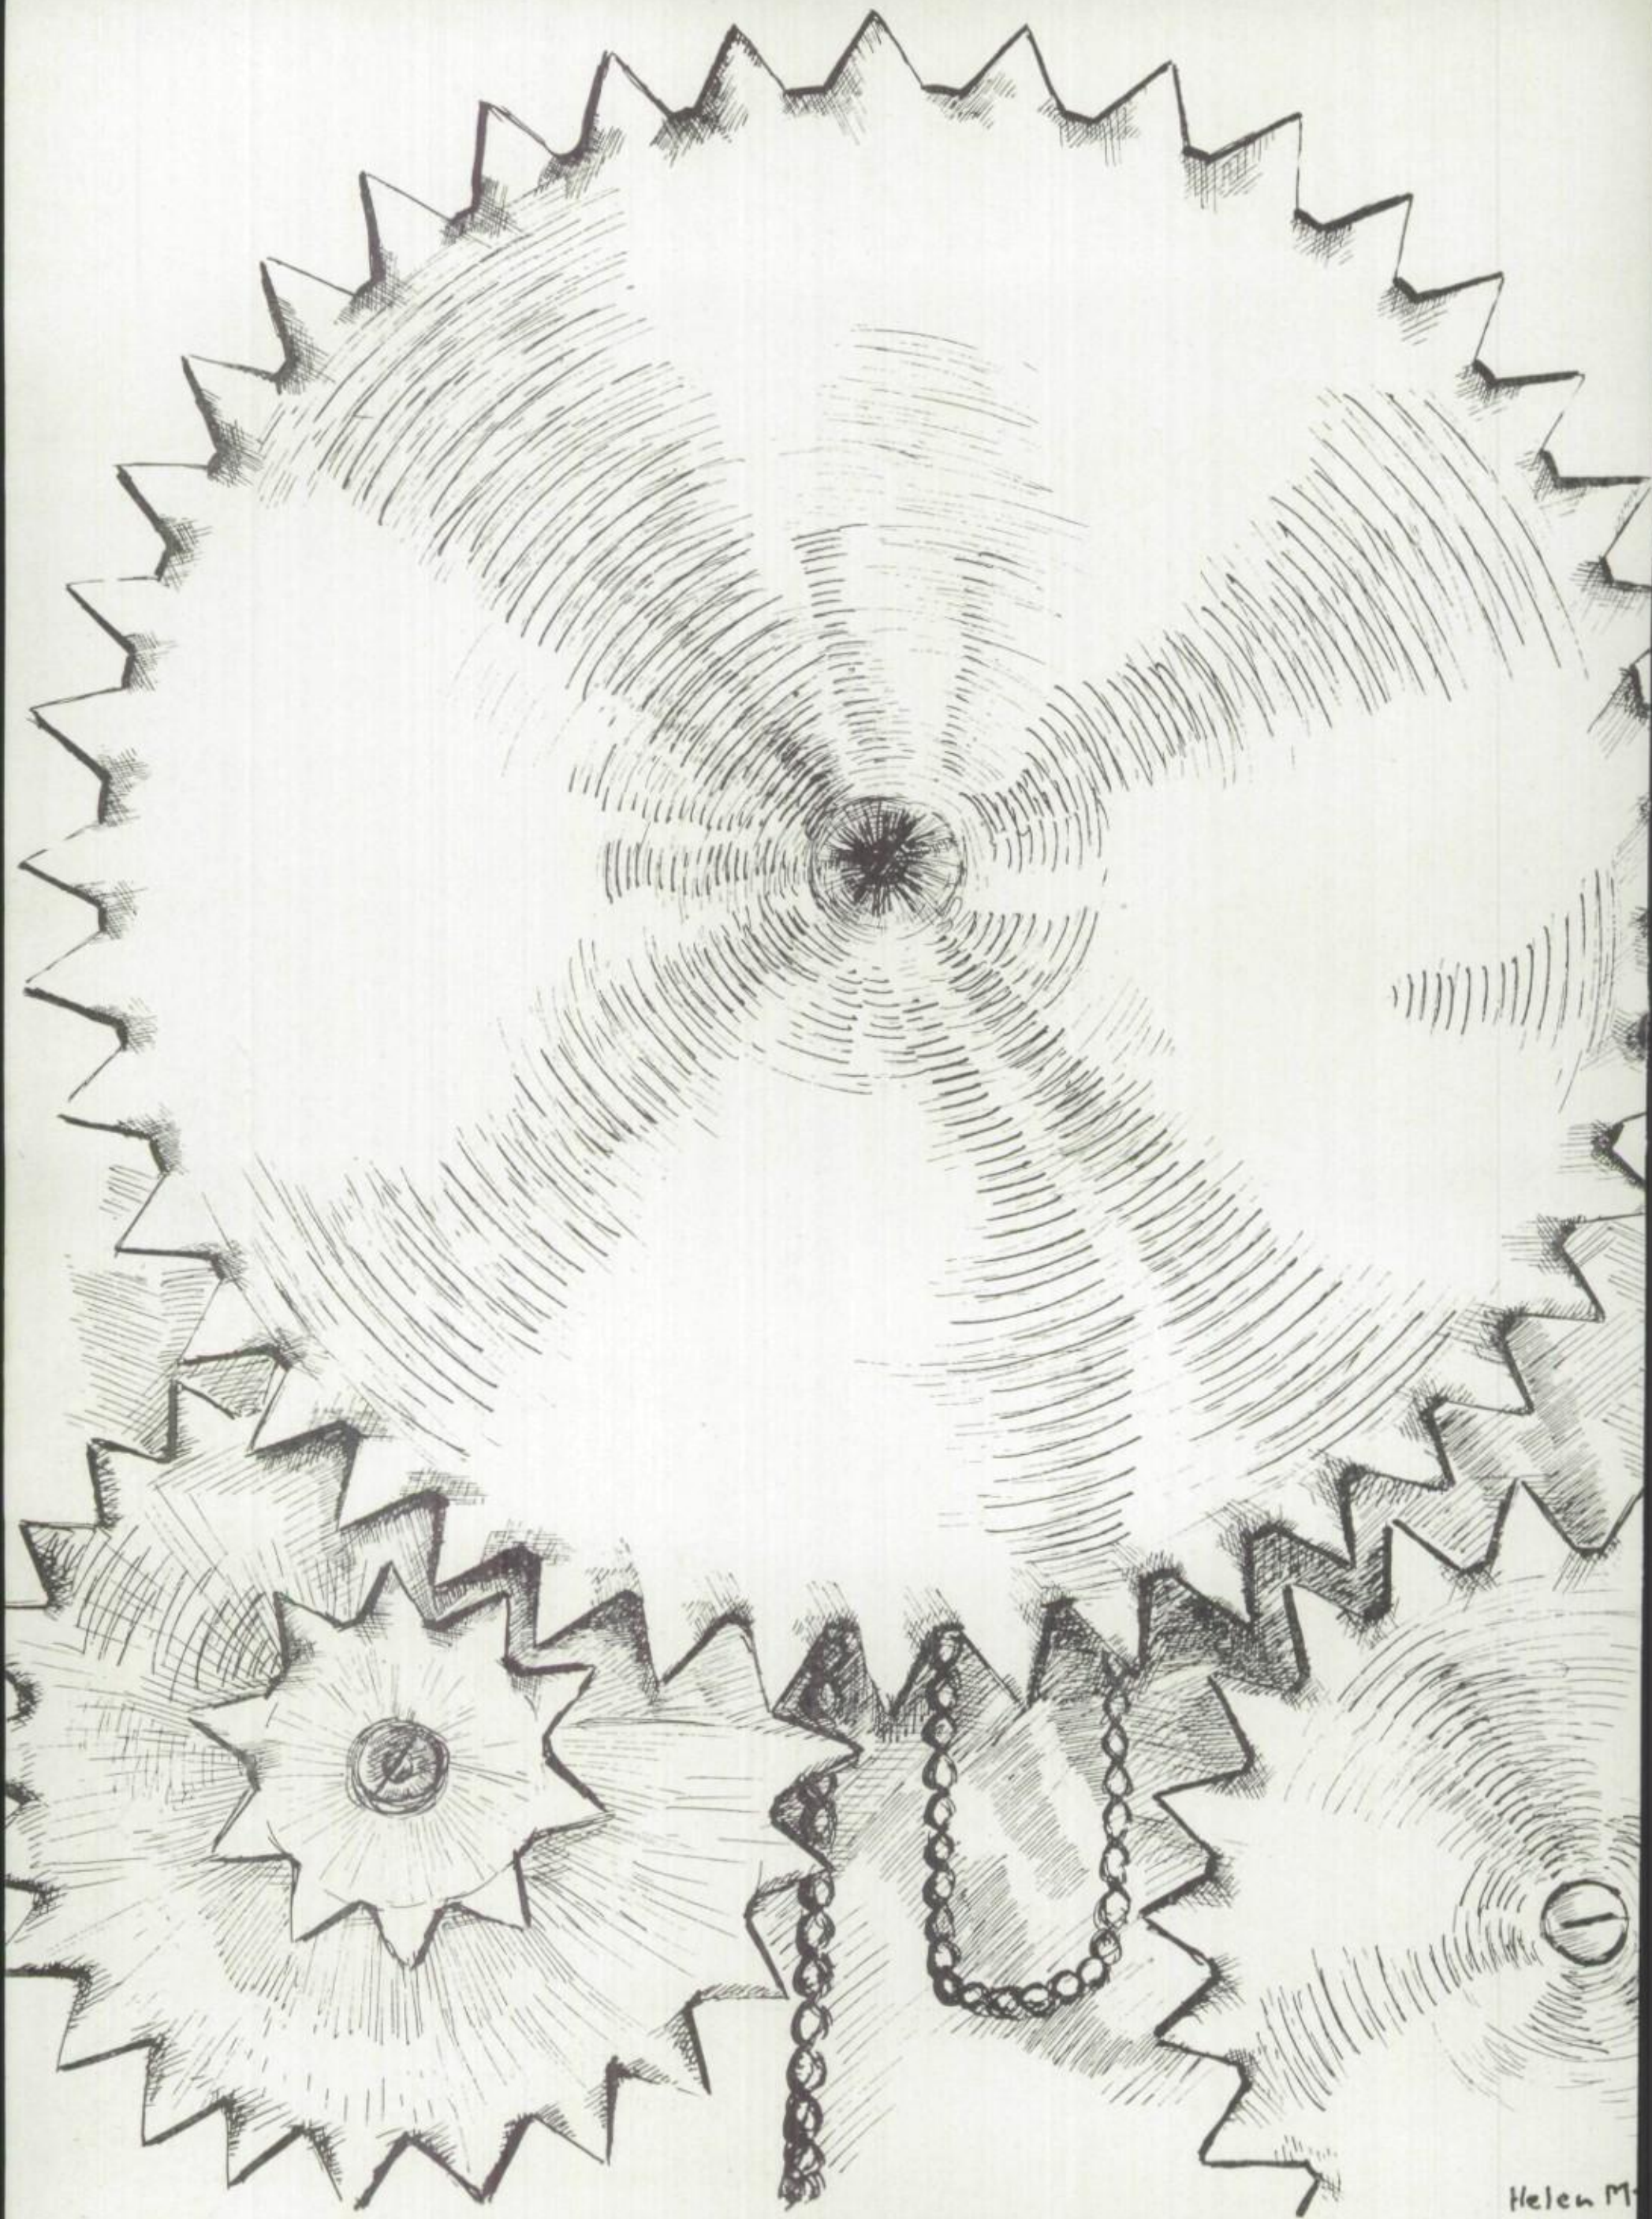

"Now don't tell me you got held up in the traffic!" Miss Neumarker practically became an honorary member of the traffic squad in her attempts to get her students into class.

Here's the Junior-Senior Prom again. The first formal dance of the school year was really a "standing-room-only" occasion.

For the second straight year we've had two sets of twins in our student body. Can you tell Bob from Jim or Nancy from Louise yet?

The Big Wheels Got Around

"Right this way! Get your ticket here for that show of shows, 'The Barretts of Wimpole Street!'" And we did.

Our cameraman had to work to get this close-up of Nancy Rankin making "mucho musico" at the Prom.

A familiar scene indeed and isn't it domestic? Claire and Joy weren't the only seniors who had to finish their vests for Senior Day

The Senior Stopped

The "Big Four" of the senior class, Virginia McVeigh, Bob Eby, Corinne Lightbown, and Dave Sunderland, stood highest scholastically at the end of the first semester.

The Latin classes must have decided that Nance Godden has an hour-glass figure since they elected her Miss Diana for Mt. Lebo's day at the Buhl Planetarium.

Will Miss Pickens never stop writing those outlines on the board! Any one in her classes knows only too well that the answer is "No"!

As usual, there was a rush to get schedules changed between semesters. Here is Miss Ion fevrishly trying to correct a few.

"What type printing or engraving are you getting?" was an oftheard phrase during the weeks when Miss Smith strived to satisfy every senior ordering name cards.

No wonder Dave was on the cross country team, for he kept in practice trying to get to school on time.

Spring Sports Met Tough Foes

BASEBALL 1947

Our Blue and Gold swatters completed the 1947 diamond season, batting out four wins in ten starts. Stiffer opposition was encountered by the Mounties than in previous years as they were placed in tough section fifteen. Because of inclement weather the Blue Devils played an abbreviated schedule.

Lack of consistent pitching showed up in many of the frays, but the locals rarely went to the showers without giving the spectators something to shout about.

GOLF 1947

Keeping pace with the '46-'47 sports, the golf squad, under the able handling of Mr. Burrows, closed their season with a fine record of 6 wins and no losses. The Mounties easily won the section V crown and were handed their only defeat of the year in the W.P.I.A.L. eliminations by Latrobe, 13-2.

Undefeated Trackmen Won "Big Four"

TRACK 1947

"Studs" Dalton displays fine hurdling form in the Dormont meet.

Once again in 1947 Coach Don Mollenauer entered a track team that heaped more and more honors on Mt. Lebanon. The '47 squad, believed by many to be the best ever to don the blue and gold, went through their entire season undefeated. In doing this they recaptured the W.P.I.A.L. crown that was lost to New Castle in 1946.

Prospects for a successful outdoor season were good as the indoor team won its only meet, defeating about 20 schools in the Tri-State Coaches Meet at the South Park Track House. Several weeks later the outdoor season got under way and it was met with equal success. For the sixth time in Mt. Lebo's history the Blue Devils walked off with the W.P.I.A.L. Relays crown. Next came the Washington Invitational in which the Mounties beat their nearest opponent, Connellsville, by more than 18 points. In the Independent Districts Meet our thin-clads racked up 62 points for first place. Then came the all important W.P.I.A.L. Championship, but Coach Mollenauer's proteges took it in their stride as they edged out Connellsville again by a three point margin, 30-27.

Schwartz gets set to toss javelin. Plummer breaks another tape in relays. Luterancik and Snodgrass hold the lead. Helland wins pole-vault for the mounties.

For Second Time In W.P.I.A.L. History

In the W.P.I.A.L. meet, the Mounties captured only two first place laurels. These were in the javelin throw, with Jerry Helland entering a toss of 177 feet, 7 inches, and in the half-mile run, which was won by Dick Plummer.

The Mounties had talent in every event. The sprinters were led by Doubleday, Ballon, Vogel, and Cobbly. Outstanding quarter-milers were D. Reynolds, Bell, and Sunderland. Our distance men in the 880 and mile runs were Plummer, Smith, Hibbard, Duerr, Thompson, Wilson, and Beck. Showing the way for the hurdlers were such important cogs as Albert, Barry, and Dalton. Augsburger, Morian, Hilf, and Jones could really toss a "cannon ball". Discus and javelin stand-outs were Schwartz and Helland. Adding points in the high and broad jumps were Schuette, Minihan, Barry, and Schwartz; while the high flying pole-vaulters were Helland, Schuette, and Minihan.

Two new school records were set during the '47 season. Al Schwartz set a new mark in the javelin throw as he turned in a record toss of 184 feet, 10 inches; and Captain Dick Plummer lowered the mile time as he rounded the five laps in 4 minutes, 43 seconds.

Barry, Schwartz, Plummer, Helland, and Augsburger led the Mounties to another W.P.I.A.L. track crown in the championship meet at Connellsville.

RIFLE

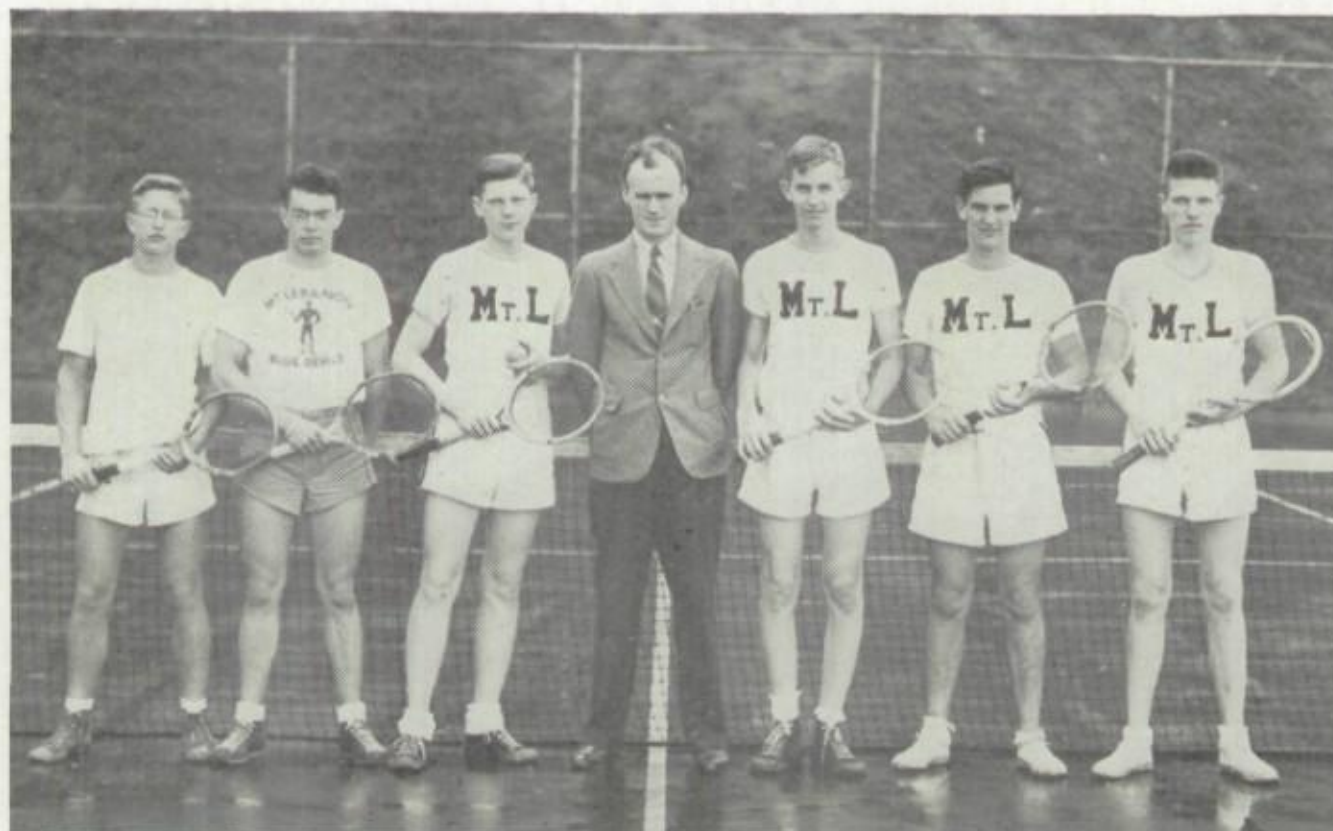

The Mt. Lebo gunners, pitted against such teams as Oakmont and Munhall, didn't stand a chance to win the section this year. Paced by the consistency of Ed Harmon and Homer Goddard, the best the shooters could do was a record of four wins and six reverses. The most impressive score this season was made by John Austin, who shot a hundred. With many hold-overs expected back next year, the rifle team should really go places.

TENNIS 1947

Last year's tennis team, again coached by Mr. Doak and captained by John Kenney, proved to be one of the best in the district. Serving their way through a rough schedule, the boys played heads-up ball all season. Both Kenney and Christie advanced to the W.P.I.A.L. finals and were set against a strong doubles team from Edgewood. The locals didn't have enough on the ball however, and went down to defeat.

Harriers Whipped All But One Opponent

CROSS COUNTRY

The Mountie harriers, although experiencing their worst season for several years, finished with a creditable record of five victories in seven dual meets and a fourth place in the W.P.I.A.L. championship. Both scheduled meets were lost to New Castle, who was crowned W.P.I.A.L. champ, taking over the throne that the Mounties had held for five consecutive years. Coach Don Mollenauer developed a new star, junior Bernie Luterancik, who literally burned up the track, placing first for Mt. Lebanon in all of its meets.

FOOTBALL

Mt. Lebanon was due for an off-season following her two undefeated squads of '45 and '46, and the lightning struck this year as Coach John Beckert's proteges finished their season with a record of 1 win, 1 tie, and 6 losses. In direct contrast to the '46 eleven, much was expected of these boys; this was two strikes against them before the season started. Mt. Lebanon has seen better records, but never has she seen a bunch of boys with more spunk and spirit.

With six lettermen and a large squad of inexperienced hopefuls Beckert moulded a squad which many held high hopes for. In the first game of the season, however, the Mounties had their long undefeated string broken by Crafton. The next week the Mounties snapped back and copped their only victory of the year as they downed Carrick High. The Blue and Gold W.P.I.A.L. hopes were very short-lived as our boys were outclassed 19-6 by Penn, who was a strong title contender. The next week the Mounties were caught off guard by a not too strong, but very scrappy New Brighton. Then came "Murderer's Row." In three successive weeks Mt. Lebo met three of the toughest teams in the district and dropped games to Wilkesburg, New Castle, and Munhall. In the final game, Washington High managed to score in the dying minutes to hand the locals a 7-7 heart-breaker.

A new individual award, the Howard Long Memorial Trophy, was added to the list of Mt. Lebanon honors. It is awarded to the individual who is voted by his team-mates as the most valuable player of the squad. This year's trophy was presented to Lawrence "Herky" Dawes, fleet half-back who was a stand-out on both offense and defense.

BASKETBALL.

The 1947-48 edition of Mt. Lebo's hoopsters was as versatile as Pittsburgh's weather. Playing hot and cold throughout the season, the Mounties' chart showed 10 wins against 12 reverses.

Pre-season play opened with a surprising victory over Charleroi. Wins over Penn, McKees Rocks, and McKeesport followed; while

losses with Clairton and Wilkinsburg were encountered.

Section 4 tests with Brentwood and Clark found the locals bowing, but the "Devils" then swamped Baldwin. After losing to Washington, the Lebo Lads drubbed Trinity and Dormont to take their first away games.

play, the Mounties again fell to the Brents, Clark, Baldwin, and Trinity but easily whipped Dormont again.

Although the campaign wasn't too successful from the standpoint of records, the small but spirited squad provided bright spots when they upset classy McKeesport, when Jack McCune scored 33 points against McKees Rocks, and when the boys gave a sound trouncing to Bethel. There were many standout players

such as: McCune, Williams, Haus, Farrell, Ott, and finally Sunderland, who was hurt in the first Brentwood game and was out all season. Although these boys were all seniors, talent wasn't lacking in the junior class either. Cox and Mervosh brought the underclassmen hopes of a more successful season to come.

Intramurals Captured Spotlight

HOCKEY

Once again the arrival of warm weather cut short the intramural hockey schedule, and no team won the official championship. Bill Berlin's pucksters, however, finished their four games with a .750 average, which proved to be the best record of the six team league. He was followed up closely by Rollie Tisdale's sextet with .666 and Dick Jones' squad with .500.

BASKETBALL

After much confusion as to the twelfth grade finalists, the eliminations for the intramural basketball crown finally got under way. The Junior champions, 11A9, won handily over the 10A6's, 17-7, in the semi-final round. In the finals it was the twelfth grade's 12A11 all the way. Jim Sheehan led the victors with 12 points as the seniors went on to win, 22-12.

BASKETBALL WINNERS

WRESTLING

The 1947 record turnout of 30 grapplers was broken this year as 32 matmen signed up for the annual tournaments.

Outstanding in the finals were Richy McQuillen in the welter-weights, who won his weight class for the third year in a row; Tom Sofis, who supplied the most thrilling bout of the afternoon, winning over Leon Zolbrod; and Tom Hibler, who had the only pin of the day.

GIRLS' ATHLETIC ASSOCIATION

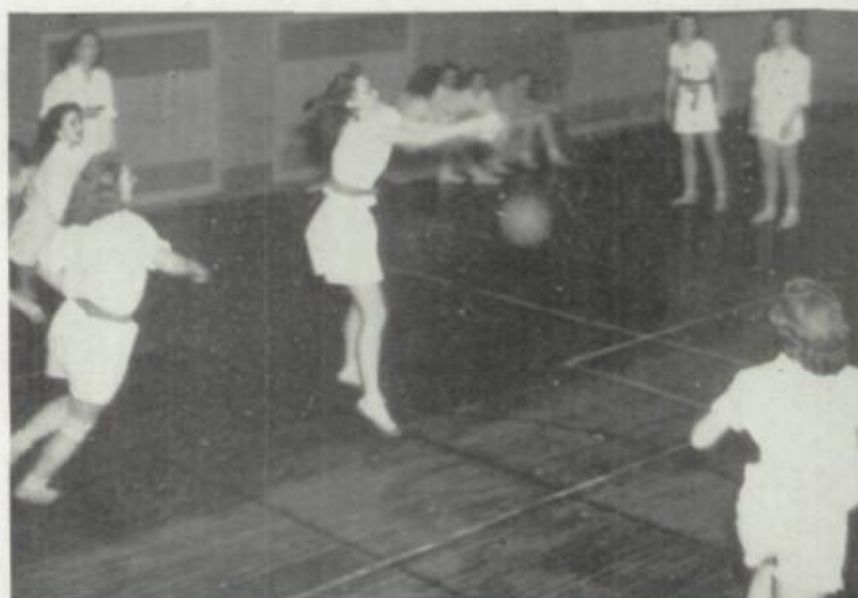

Do you have scoliosis, kyphosis, or lordosis? Are you bored and restless around 3:15, h-m-m? Try G.A.A., made for all sizes, tastes and seasons by Dr. "B" and her council. Although we may not have acquired the bounce you love to watch or stirred cupid with our "flying angels," we had a wonderful time.

This year's sophomore class has shown exceptional skill in sports, and tennis was no exception. To the embarrassment of the junior champs, Linn and Tracy, and to the horror of the senior winners, Bradley and Schwartz, the school tennis tournament was taken by two sophomores, Albright and Divine.

On one of those lovely autumn days did you notice the groups of refined Mt. Lebanon debbs kicking each other for all they were worth? As you probably have guessed, G.A.A. was now playing "sock-her." At the end Swanson's and Arentzen's teams tied for the fewest casualties, in games that is.

The "new look" may come and go, but basket-
ball will always be popular. What the games

It looks like a fight-to-the-finish as these gals battle it out.

At the G.A.A. Dessert the "iron curtain" rose on this in-
spiring tableau of our dignified council caught in an
"off" moment.

A wicked looking bunch, aren't they? No wonder. Here are the G.A.A.'s "No. 1 Pin Killers" preparing to attack some poor unsuspecting pins. Shame!

didn't show in skill they made up for in entertainment as the girls battled it out lady-like and otherwise. Once again top honors were split as both "The Roaring Six" and "The Bobby Soxers" turned in perfect records for their tournament games. The seniors easily came through to take the All Stars' tournament, while the sophomores took a bitterly fought second place.

Str-r-rike! Mushball? No, now bowling was the thing as the girls in all three grades threw some wicked curves for the title, "No. 1 Pin-Killer." Also, no apologies were necessary in volleyball, for the girls showed real skill in their ball handling.

In the spring they say a maiden lightly turns to thoughts of love, but not so in Mt. Lebo. Spring meant mushball, track, the G.A.A. picnic, and interscholastic playday. This year in addition to their regular program the ingenious council came through with a new idea which they called The G.A.A. Dessert or "400 Footprints on the Tablecloth." I'm sure we all appreciate the wonderful year Miss Billingsley and her council worked so hard to give us.

"Why can't we have a chorus line at our dances?" asked a junior boy. "Mr. President, why can't we have *cold* water in the fountains?" That question came from a sophomore girl. By this means every student had an opportunity to express his opinions or ideas on school government.

EXECUTIVE BOARD COMMITTEES AND SQUADS

Wednesday morning devotions ended and you rushed to the front of your home room to sign out for some activity. But, wait! Did you ever stop to think who wrote those programs, who read them, who sang the hymns, or who operated the controls? These are duties of only some of Mt. Lebo High's committees and squads that work unceasingly throughout the year to keep the school in working order.

(Social) "Hey, kids. What are we going to call the next dance?" This is just one problem that the social committee faces in planning the regular executive board dances. It's up to them to furnish music, get the gym, and make all the arrangements for a top-flight dance.

(Ways and Means) Hotdogs, candy bars, and

cokes are only a means to an end for our food-conscious ways and means committee. The end is to put a little copper in the till of the executive board, so that they may offer you students a fuller activities program.

(Ushers) Sure they got into the games for nothing; but how much of them did they see? We refer to the usher squad that you have met at the ball games and class plays, taking your tickets, or your money, or sometimes both.

(Library) Our librarian, Miss Moore, is famous for her meticulous library and assisting her is the library squad. Besides taking care of the books, members do clerical work, file magazines, and put up unusually attractive bulletin boards.

DEVOTIONS
PUBLICITY

(Traffic) As the two-minute bell rings the pretty girl in the blue sweater sitting next to you grabs her books and scurries out of the room. She is just one of the many members of the traffic squad who make a gallant attempt at keeping order in our halls.

(Attendance) The door opens and a mysterious hand reaches in, plucking the attendance cards from their holder. That's about all the average pupil sees of a member of this squad, which keeps accurate check on the attendance of all students.

(Devotions) Presenting an inspirational side to school life is the task of the devotional committee. Interest and timeliness are among the points that must be considered in planning this Wednesday morning feature.

(Honor Award) Keeping accurate check on activities points is the responsibility of the honor award committee. They're the ones who record your activities and the points you have earned from them, making sure you receive your pin or guard when you are entitled to it.

(Public Address) Aren't the announcements loud enough? Is the reception poor? Blame it on the public address squad. They are in charge of everything coming over the "P. A."—morning and afternoon announcements, radio programs, and other special broadcasts.

(Publicity) Hear Ye! Hear Ye! Hear Ye! The publicity committee brought school events and functions into the limelight of the school and community in such various ways as skits, posters, and newspaper articles.

These Lebo-Ites Had A Hand In Everything

Proud owners of keys and guards at the end of the first semester were: Bob Eby, Nancy Rankin, Ben Macdonald, Virginia McVeigh, Dave Sunderland.

ACTIVITIES KEY

For many months we worked on Executive Board, Student Court, Y-Teens, Hi-Y, and various squads and committees like Devotions, Ways and Means, and Attendance. Long hours were spent to get on the honor roll and even more were devoted to Basketball, Track, G.A.A., Band, Chorus. Even articles for Log, Mounty, and Lantern added to our growing collection.

Then 90 points and Bingo! Not a seventeen

jeweled watch, a mink coat, or a Cadillac convertible, but an Activities Key for our very own. Although this key might not open a Yale lock, it was the permanent combination for our strongbox of school service.

This year an enviable record was set by the class of '48 for the number of seniors who went on to earn 200 or more points for an Activities Guard.

QUILL AND SCROLL

To our future journalists and writers Quill and Scroll membership is really something to strive for. Those lucky kids who own Quill and Scroll pins are in the upper third of their class and have been recommended by the Lantern, Log, or Mounty sponsors. They've worked hard for this honor and de? sors. They've worked hard for this honor and de?

NATIONAL HONOR SOCIETY

"Robert has been elected to membership in the National Honor Society." It makes a student want to shout for joy when his parents receive the letter announcing his acceptance into this outstanding organization.

Only time and effort are responsible for a student's election to the National Honor Society, for he must participate in school activities. National Honor Society represents Mt. Lebo's best.

THE BARRETTS OF WIMPOLE STREET

Hi-Y-Teens Gave Their Spare Time To

HI-Y

Basketball games, dances, the Red Cross Drive, and many other projects marked an outstanding year of Hi-Y activity.

The Gold Chapter for senior boys was sponsored by Mr. Mitchell, with Harry McFerran as president. This year Bill Carothers and Homer Goddard participated in a mock session of the Pennsylvania legislature in Harrisburg. The Gold's interscholastic basketball team lost only one game. It was to Westinghouse in the play-offs for sectional championship. The Cedar Chapter, sponsored by Mr. Bald, is a welcome addition to the Hi-Y organization this year. This club, headed by Tim McBride, is for junior boys. The Blue Chapter took charge of the Infantile Paralysis Drive, helped decorate the Christmas tree, and played in two basketball leagues. Chuck Dickerson is president of the sophomore group, and Mr. Whipkey is sponsor.

Serving Others, Bettering Themselves

Y-TEENS

The night is dark and lonely; the climb becomes steeper—"but wait, a light!" It's room 5 in Mt. Lebanon High. We catch our breath, as the leader, followed by a roomful of girls, solemnly lifts her hand. "Fascists? Communists?" A few minutes later as the noise dies down, we realize we are witnessing a meeting of that popular club, Y-Teens. Although divided into three groups, the Alphas, Betas, and Deltas were united in their purpose of helping the girls know themselves, know others, and give service to the less fortunate. But even the sponsors would agree that the biggest attraction was the fun at play nights and at other lighter moments. Briefly, the Y-Teens bettered themselves, helped others, and enjoyed another active year.

Right: Alphas (front row) McVeigh, C. McKee, C. Davis; (second row) Crissman, Sommers, Simmonds; (third row) L. Bradley, Coleman, C. Hatch, Matheny.

Musicians Beat Time For Record Year

ORCHESTRA

With the coming of Mr. Prutzman, a new instrumental director with new ideas, much work was demanded of the members of our orchestra. Yet, because of their hours of practice the orchestra, enlarged to contain at least one of every desired instrument, became a really talented group. They entertained us with appropriate music between the acts of both the activities and senior class plays and along with the band and chorus gave an excellent performance at the January concert.

BAND

Time marches on and so does the Mt. Lebo band. This colorful group completed another "season" and climbed higher on the ladder to success. Under the direction of Mr. Prutzman the group, aided by the very capable majorettes, amused and entertained us throughout the football season. The endless variety of formations never ceased to amaze us. A lot of work went into the January concert and it certainly showed through the many novelty tunes as well as through music of the more serious type.

Sixth row: Runger, Houston, Dickmann, Spangler, Flurry, Cullison, Shiffler, Denhart.

CHORUS

"Music hath charms to sooth the savage . . ." so they say, and some of us savages required a lot of soothing. But that wasn't hard to take when the combined A and B choruses, nearly 200 strong, blended their voices in The Messiah; or when the Triple Trio gave us something "lovely to look at" as well as delightful to hear.

(Right) Triple Trio: (Sitting) Vollmer, Hoehle, Schietinger. (Kneeling) Eyrich, O'Brien, Bergman. (Standing) Saunders—accompanist, Lewis, Ruder, Gallup, Koerber, Murdoch.

Our Imaginative Minds

LANTERN

"The Lantern shines tonight!" When the kids in Mt. Lebo High heard those four words announced over the P.A., you could be sure of one thing—that was a mad rush to their homerooms after sixth period to get their copy of the Lantern.

Gleaning the news, writing interesting copy, scouting for good action pictures, and searching for current two-somes for the Devilette were but few of the activities of the alert staff, who worked along with the new Lantern advisory council to produce a live newspaper.

MOUNTY

Though the "Mounty", school literary magazine co-edited by Carol Davis and Sylvia Lopez, is only two years old, it has become as traditional as the clocks in the halls.

The night before publication would find the staff in room 305 scrambling among stacks of short stories, essays, and poems, while Spike would scold from the door way, "Well! it's about time that thing's comin' out."

We admit that at times everything didn't run like clock-work, but with the cooperation of the staff and Miss Elliott "Mounty Day" would always roll around.

LEBANON LOG

As the gears in a clock mesh smoothly to give you precision timing, so the Log staff has worked together to give you an active picture of your school life.

Since last spring the editors, writers and artists have poured out their talents to produce better lay-outs, better copy, a better cover—in short, a better yearbook. Now they take time out to view their finished work with a little well-earned pride. If they have captured a few of your treasured memories from "old Father Time," then their job has been well done.

MOUNTY STAFF

These Hands Climbed To

In the Westinghouse Science Talent Search, Edgar Alexeff won a trip to Washington and a \$400 scholarship. Here he is examining the results of one of his experiments.

Three of Mt. Lebo's future artists, Helen McConnell, Nancy Rankin, and Barbara Fox, were awarded Gold Keys for their works in the Scholastic Art Exhibit.

Not only making the highest honor roll, but also doing it with all A's were these students: Front row: M. M. Stewart, McVeigh, Arden, Garson. Second row: Budden, Smalley, Anderson, Lee, Lightbown, L. Miller, Acosta. Third row: Eby, Rink, Alexeff, Alderdice.

(Right) Those clever sportscasts on Monday morning were broadcast by Dick Hartle and Art Rosfeld. Dave Sunderland, missing from picture, had us sitting on the edge of our seats with his exciting broadcasts.

The Top Of The Clock

Sylvia Lopez, Bob Eby, and Carol Davis get a pre-view of the 1948 *Log*. Bob was editor-in-chief of this publication, while the girls co-edited the *Mounty*.

After the semester finals these students came out on top to make the highest honor roll. Front row: McDaniel, M. M. Stewart, Budden, Smalley, Kurtz. Second row: Crissman, McVeigh, Arden, Acosta, L. Miller. Third row: Garson, Schreiner, Bingham, Thorsteinson, Anderson, Lee, Lightbown, Hutchison. Fourth row: Johnson, Eby, J. McConnell, Rink, Alderdice, Alexeff, Colwill.

Dave Sunderland, Bob Eby, and Bob Alderdice placed in the upper tenth of the 44,000 students in the United States who competed for Pepsi-Cola scholarships.

Below—(Left) Two precedents were established in newscasting this year, when Jeanne Button and Nancy Barner collaborated on their newscast with the idea that two heads are better than one, and when Nancy Schreiner, a talented junior, disregarded the custom of having only senior newscasters.

(Right) These two editors of the *Lantern*, Jeanne Corcoran and Sue Cullen, with the help of the newly-formed advisory council, set out to revise and improve our school paper.
